

Professional Development Grant Application

Education Minnesota Foundation for Excellence in Teaching and Learning

Mission: promotes educators' innovation and achievement focused on the practices of equity and inclusion

Professional Development Grants for Individual Members

Professional Development Grants are intended to provide education support professionals (ESPs*), higher education faculty** of colleges and universities, and licensed educators*** with opportunities to take the lead in acquiring and/or sharing new skills and knowledge. For example, new instructional tactics, use of technology or working with a caregiver. Applicants may request a grant to acquire these skills and share what you learn with your colleagues.

It is suggested that all applicants seek in-kind funds to help finance the venture. Recipients of the higher education faculty grant must pay for all grant expenses out-of-pocket, and then submit receipts to the Education Minnesota Foundation for reimbursement.

All applicants may request up to \$3,000.

Professional Development Grants for Groups of Members

In addition to Professional Development Grants for individual members, the Education Minnesota Foundation also offers applicants the opportunity to submit a Professional Development Grant application for a group of members to either attend professional development or be trained at their worksite. All members named in the group application must fulfill the individual eligibility requirements to be eligible for the group application. Professional Development Grant applications for a group of members have a maximum funding request of \$3,000 per person. **Group applications may be for 2-5 members, and ALL members must be from the same local union or district in order to be funded.** Members looking to apply for a Professional Development Grant for groups should designate one group member to be the group lead, and the group lead should collect all required information listed on the application for the other group members.

The Education Minnesota Foundation Board will not retroactively fund learning opportunities that have passed by the date grants will be awarded by, which are listed below.
